

Advanced Electrode
Humidifier

PERFORMANCE, VERSATILITY, SPEED

The new standard of on-demand steam humidification.

Advanced Electrode Humidifier

With an innovative, versatile design and industry-leading intuitive self-diagnostics, the Advanced Electrode Humidifier is an easy-to-install, simple-to-service solution that delivers on-demand humidification more quickly and consistently.

PRODUCT OVERVIEW

| PRODUCT | PART NUMBER |
|---------------------------------------|---------------|
| Advanced Electrode Humidifier | HM750A1000 |
| Replacement Canister | HM750ACYL |
| Electronic Control Board | HM750APCB |
| Drain Valve & Fill Valve | HM750AVKIT |
| Duct Nozzle & Remote Nozzle | HM750ANKIT |
| 15 ft. Synthetic Insulated Steam Hose | HM750AHOSEKIT |

PRODUCT SPECIFICATION

| FEATURE | SPEC |
|--------------|---|
| Output | 11 or 22 Gallons Per Day (GPD) |
| Mounting | Remote or Duct |
| Conductivity | 50–1300 mS |
| Amp | 12A Max |
| Weight | 19 lbs. |
| Dims | 17x10x7 |
| UI | Diagnostic/Status |
| Wiring | Push-in Terminals |
| Control | Via a connected thermostat and the Lyric™ app or Total Comfort Control™ app |
| Voltage | 120V or 240V |

Contractor Highlights

- **Duct mountable.** The industry's only duct-mountable solution with a wall-mount option means simplified and successful installation, plus easy servicing.
- **Smallest footprint.** The most compact solution on the market allows for one-person, flexible placement; great for replacement and new installation opportunities.
- **Easy-access wiring with push-in terminals.** Quick access means rapid installation and checkout.
- **Pre-mineralized canister.** Allows for a faster startup process and optimized humidifier performance.
- **Seamless integration.** Part of the Honeywell whole-home comfort portfolio, providing multiple solutions to help your business be profitable.
- **5-year warranty.**

Homeowner Highlights

- **Efficient, on-demand humidification.** Achieve humidity set point quickly and consistently.
- **Simplified maintenance.** Hinge-mounted canister is easy to access and replace.
- **Ideal humidity levels.** Intuitive diagnostics ensure that homes are always comfortable, while canister design and system logic optimize humidifier performance.
- **Lower heating bills.** Proper humidity levels help homes feel warmer, so thermostats can be set lower.
- **Quiet operation.** No noise distractions.
- **Protection for peace of mind.** Ideal humidity levels protect people, pets, possessions, and a home's structure, helping homeowners be worry free.
